

GENERAL MANAGERS - WATER CRISIS SEMINAR

Dear Valued Member,

As industry professionals and private citizens of the Western Cape, we find ourselves in a dire position due to the current and on-going water crisis.

Whilst news reporting indicate a very high level of activities to curb the immediate situation, it is a clear that a new normality is likely to be shaped for many years to come.

With this in mind, and to discuss what we can do as an industry to create this new normality, FEDHASA Cape Hotel segment would like to invite you our members for a panel discussion on the topic of:

"Water crisis, and the new norm for hotels."

The panel discussion will be held on **5 October from 14h00 - 16h00 at Belmond Mount Nelson Hotel**, followed by a networking opportunity. The main speaker at the panel discussion will be Minister Alan Winde, to elaborate and engage with the industry how business and government can collaborate to address the new normality.

We would like to encourage all attending **General Managers to be accompanied by their Chief Engineer, Maintenance manager or Water champion** to allow for broad discussions to take place across legislative, business practices as well as practical implementations.

WHEN: 14h00-16h00, Thursday 05th October 2017

WHERE: Belmond Mount Nelson Hotel

WHAT: "Water crisis, and the new norm for hotels."

(PLEASE RSVP BY MONDAY THE 2ND OCTOBER 2017)

Hospitality greetings
