Southern Peninsula Event

"Thank you for attending"

We had a productive meeting at the [Cape Point Vineyards](#), 02 August with mainly accommodation establishments in the area. We presented on the role of FEDHASA in our industry as the official lobbying body for hospitality, our [member benefits](#) and what we are currently working on. The main topics of discussion were around **Water**, **Airbnb**, as well as other inhibitors for business.

The consensus was that there are existing networks operating in isolation. The desire is to have property owners who actively participate in a Southern Peninsula Network and drive tourism to the area through combined efforts.
